Day 3 In touch with the Gorillas in Bwindi

Get up very early for your gorilla tracking and have a well-balanced breakfast in preparation for the day. After the registration at the Uganda Wildlife Authority Ranger Station and a short briefing, your incredible gorilla tracking starts.

Once you've located the gorilla family you'll be asked to leave all your belongings behind and slowly approach these gentle giants armed with only your camera. The guide interprets the behavior of the animals for you. Females and their young ones, young males and even the dominant silverback can be seen feeding, playing and interacting with each other or just playing! You will never forget this experience with the gorillas. You can be sure that they are very curious to see you. You have exactly one hour with the gorillas before you return to the base station.

After the exciting encounter with the gorillas you will return to the village. In the afternoon, you will have the opportunity to see the Batwa, the indigenous people of the forest, dancing and showing their skills in plant interpretation and hunting.
