

3 Day Beach Extension Uganda Lagoon Resort Lake Victoria

Yes, Uganda even offers white sandy beaches. You can discover one of them after any of your tours, just 40 Minutes far from the mainland on Lake Victoria.

The many national parks and game reserves testify the natural beauty of Uganda. In the national parks of the country you can experience the real, yet untouched wilderness. There you will find an extraordinary biodiversity, where Mountain Gorillas and Chimpanzees live beside Sitatunga Antelope and Forest Elephant. In other Parks or reserves you even find the rare Tree Climbing Lions and White Rhinoceros. Uganda is home of over 1.000 species of birds and attracts many professional bird watchers every year. The glaciers of the Ruwenzori Mountains and their formation at Lake Mutanda in southwestern Uganda are also impressive and a paradise for Mountain climbers. Visitors return to Uganda's welcoming people and the temperate climate. The 52 tribes and their different languages, culture and dances, all living peacefully next to each other, set the country apart.

You can get in touch with the native people and the real rural life in one of the many social and community projects. Or follow the historical tracks of the great Explorers like Speke, Stanley or Livingstone and visit the Source of the Nile. Not to forget the many adventure sports opportunities like the 5 grade white water Rafting, Bungee Jumping, squad biking or horse riding along the River Nile. Let Uganda inspire you!

Day 1: Transfer by Motorboat to Lagoon Resort on Lake Victoria

Lagoon Resort calls itself the closest resort on Lake Victoria. The African Village Architecture has its very own special Charm. The azur blue pool and typical German, other continental and Ugandan dishes are waiting for you.

Day 2: enjoy birding and cultural walks

All the materials for the construction of Lagoon Resort have been produced and sourced locally.

The main lodge building is constructed from *Eucalyptus* and the bar is made of huge slabs of local *Eruku* wood: sections of tree trunk have been spliced together to make a unique bar feature. The interiors of this Africa-inspired lodge are designed to the owners' own unique design.

Environmental management is important to the owners of Lagoon Resort who have invested in their own borehole and numerous solar panels. The resort is powered solely by solar energy. It is the only lodge in Uganda with a 100% solar pump well.

You can go on village or nature walks of 2.5 hours for \$10 per person. The income will help a nearby village school. Other activities are fishing, birding, Kayaking and relaxing at the pool.
