

7 Day Karibu Tanzania – Welcome Tanzania Safari Luxury

"Karibu" is Swahili for "welcome", and you'll certainly be made to feel welcome on this seven day safari through Tanzania's most popular Northern Circuit parks.

Not only will you visit Lake Manyara, Tarangire, the Serengeti, and the Ngorongoro Conservation Area; you'll also have the chance to experience a little Tanzanian culture with an authentic Hadzabe bushmen hunting experience.

Day 1: Tarangire National Park

ARUSHA - TARANGIRE NATIONAL PARK

You'll depart from Arusha after breakfast for the approximately two hour drive to Tarangire National Park. Along the way you'll pass bustling Masai villages and the vast, open plains that have become synonymous with images of Africa.

7 Day Karibu Tanzania – Welcome Tanzania Safari Luxury

Once you've entered Tarangire, you'll begin your game drive across a rich vista of endless golden savannah that surrounds the Tarangire River. The river itself runs throughout the year and is a vital source of water for the animals of the region during the dry season. Lined with acacia and Baobab trees, the river is regularly visited by the park's large elephant population as well as other herbivores such as zebras and antelopes.

A picnic lunch with a view of the river is a great way to take it all in, but you'll have to keep on your toes as the local monkey population does its best to separate you from your lunch!

Driving through the park you'll also have the opportunity to see lions, leopards, cape buffalo, and a huge variety of antelopes. If you're particularly lucky, you might even see endangered animals such as the Greater Kudu or the Fringe-Eared Oryx.

After your day's drive is done, you'll retire to your accommodation for the evening.

The Ecoscience property is situated on the northeastern border of the Tarangire National Park, 20 km south of the village of Makuyuni. The local village is called Mswakini Juu. The 80 hectare property borders a migration route of elephants, zebras and other animals. The area is locally called "the small Serengeti plain".

7 Day Karibu Tanzania – Welcome Tanzania Safari Luxury

Most of the land is kept natural. At the northern edge is the luxurious boutique lodge and the science center. Ecoscience is set in a fragile Savannah environment, where the issue of fire is a real concern.

The luxury boutique lodge is designed by Spanish architect Maria Rodriguez-Carreño Villangomez. The architecture of the rooms and restaurant is based on the Maasai hut tradition, in an original, modern and minimalist version. There are only 6 large rooms of 60 square meters, each with a 30 square meter terrace. The rooms feature a double bed, couch, wardrobe, office desk and en suite bathroom. From every bed there is a spectacular view of Radilen hill, at the opposite side of the valley.

The Ecoscience Science Centre is a satellite in Maasai land for scientists, students and for universities in general, national and international. Small groups of scientists and students stay at Ecoscience for investigations or conferences. The science center, independent of the luxury lodge, consists of 10 large tents. The two largest ones are a restaurant and conference rooms, with a library. Each tent of 65 square meters features an en suite bathroom and desk with internet connection.

Day 2: Central Serengeti

TARANGIRE NATIONAL PARK - SERENGETI NATIONAL PARK

We'll take an early breakfast, as we've got a big day of exploration and adventure ahead of us!

We'll begin the day with the scenic drive towards the Serengeti. Along the way we'll pass through the mist-shrouded rainforests of the Ngorongoro Conservation Area where you might be lucky enough to glimpse cape buffalo, baboons, or even elephants and leopards in the dense undergrowth.

7 Day Karibu Tanzania – Welcome Tanzania Safari Luxury

It's a nearly four hour drive to the Serengeti park gates, but you can choose to break up the drive with one or both of the below **optional activities**:

Oldupai Gorge Museum: Sometimes known as the Cradle of Mankind, the Oldupai Gorge Museum commemorates some of the oldest evidence of human habitation ever found. Here you can see some of the oldest fossil evidence in the world of human habitation, visit the Oldupai Gorge Museum to learn more about the human journey, and take in the stunning views of this stark gorge country.

Maasai boma visit: Pay a visit to one of the famous Maasai bomas, where you'll have the opportunity to witness (and participate in) traditional Maasai dance, tour an authentic Maasai village, and even do a little souvenir shopping at the local market.

Both of the above activities attract an additional cost. Speak with your safari expert about adding them to your itinerary.

After a delicious lunch at the Serengeti National Park picnic area, it's time to explore the Serengeti itself. Witness Africa's iconic savannah landscape and be amazed by the sheer number of animals that roam these grassy plains.

7 Day Karibu Tanzania – Welcome Tanzania Safari Luxury

Dinner and overnight in the heart of the Serengeti National Park according to the standard and the type of accommodation requested from our options.

This Luxury Camp is ideally located within Central Seronera area of the famous Serengeti National Park in Tanzania around the vicinity of the famous Moru Kopjes and Lake Magadi. The Camp site is perched between the Rongai Hills & Nyaroboro Hills, a few metres away from the banks of the Mbalageti / Seronera River having an abundant variety of resident wildlife (including all the Big 5) as well as a Hippo Pool located only a few metres away from the camp.

Due to the Campsite's ideal location, the great spectacle of the world-famous Annual Migration can be witnessed almost as close as to the camp's doorsteps – since the site lies along one of the main migratory corridors/routes which the wildebeest use during their Great Migration going to and fro the North and South of the Serengeti.

The Rooms and the Guest areas have been specifically designed to offer the Guests an optimum 180-degree view while on their bed or while enjoying their meal or drinks and to bring them as close to the nature as possible from the covered verandas. These stunning views embrace the sparsely spaced Acacia Tortillas Trees with the abundance of animals in the vicinity making the experience awe-inspiring.

Day 3: Central Serengeti

SERENGETI NATIONAL PARK

We start your day early by getting up before dawn to embark on a sunrise game drive. Accompanied by the melodic singing of the birds, you'll spend your morning searching for leopards and lions hunting for their morning meal and spying the contrastingly calm hippos returning to their watery homes with their families.

Day 4: Ngorongoro Crater

SERENGETI NATIONAL PARK - NGORONGORO CONSERVATION AREA

After breakfast, we get right on the road back towards the Ngorongoro Crater National Park.

Our drive takes us back through the Serengeti via a different route, offering plenty of opportunities to spot the animals that eluded you on day two. As far as the eye can see, you'll spot thousands upon thousands of animals in herds; wildebeests and zebras migrating together, tall and graceful giraffes, jumping antelopes and gazelles, the powerful African elephant and the most respected group of animals: the predators.

You will have the chance to spot lean cheetahs and shy leopards, foraging hyenas, and last but not least, the king himself; the lion.

7 Day Karibu Tanzania – Welcome Tanzania Safari Luxury

Dinner and overnight on the rim of the Ngorongoro Crater or in nearby Karatu Town according to the standard and the type of accommodation requested from our options.

O'ldeani Ngorongoro Mountain Lodge is a colonial lodge situated on a picturesque hill with spectacular views of Oldeani Mountain and the Ngorongoro Crater Rim. The lodge is elevated, featuring spectacular views that extend all the way to Lake Eyasi and Lake Manyara.

The property is set on 40 acres of lush green gardens and local vegetation, with over 130 species of birds. The lodge is accessed over a pond and one's first impression is the grand central hallway with wooden trusses looking out over the fireplace, infinity pool and out to Mount O'ldeani, which is part of the caldera of the Ngorongoro crater, only 12 km away.

Day 5: Lake Eyasi

After breakfast, we will proceed to Ngorongoro Crater for a full-day game drive.

Seen by many as the 8th Natural Wonder of the World, Ngorongoro Crater offers an unparalleled opportunity to see the Big 5 in the wild. After a brief stop at the lip of the crater to take in the stunning panoramic view of the ancient caldera, we'll wind our way down to the valley floor where more than 120 species of mammals can be found. Ngorongoro Crater offers unmatched opportunities to see hippos wallowing in shady pools, vast flocks of flamingos feeding in shallow salt lakes, and even the chance to see the elusive black rhinoceros.

7 Day Karibu Tanzania – Welcome Tanzania Safari Luxury

One of the last true bushman tribes in Africa, the Hadzabe live very much as they always have despite the rapid development of Tanzania. With only 2,000 members, the Hadzabe tribe are a fascinating people who offer us a window into how life in Tanzania was in the past.

The local hunters will prepare a demonstration of hunting techniques just for us. Far from being a mere performance, this display reveals a great deal about their everyday lives when they must hunt for animals to feed their families. You will see firsthand how the Hadzabe use distinctive motions and even the body parts of certain animals to lure their prey close enough that they can be brought down with hand-crafted poisons.

After a late breakfast, you'll have the opportunity for a drive around Lake Eyasi proper. While this shallow soda lake is not home to the same variety of wildlife you'll find in a national park, you'll have the chance to spot a variety of bird and mammal life. On occasion, flamingos and hippos even call the lake home.

You'll also have time to meet with the Datoga people. Mostly farmers and cattle breeders, these fascinating people offer another insight into tribal life in Tanzania.

Once your day's activities have been complete, you'll make your way to Karatu Town or Lake Manyara to overnight.

Lake Manyara Kilimamoja Lodge is nestled on the rim of the Great African Rift Valley with stunning views of Lake Manyara, Mount Meru and on a clear day, Mount Kilimanjaro.

The lodge is situated in lush green gardens and local vegetation with over 130 species of bird. It offers an ideal place in which to base a northern safari experience. The Ngorongoro Crater, Oldeani, Lake Eyasi, Lake Manyara and the Ngorongoro Highlands are just a short drive away from the lodge. Sitting around the outside fireplace watching the sun setting over the Great Rift Valley and listening to the humming of the birds in the background is a fitting way to end the day, and preparing for a sumptuous dinner feast.

Tag 7: Departure

LAKE MANYARA NATIONAL PARK - ARUSHA

After breakfast you'll enter Lake Manyara National Park. The park is truly a photographer's playground and offers some of the best game viewing in the world. You can expect to see many of Africa's most well-known animals, with the tree-climbing lions a particular treat. These proud predators lounge in acacia trees practically begging to be photographed.

Bird-watchers will find Lake Manyara is an absolute delight, with a huge variety of birds on display in the park. Even the novice can expect to be amazed by large flamingo flocks, circling birds of prey, and the brightly coloured lilac breasted roller.

You'll then return to Arusha in the afternoon.
